

THE TRUTH ABOUT CHURCHPLAZA'S INSPIRATION MODEL CHAIR

The makers of the Impressions model sanctuary chair recently released an "Attack Ad" supposedly comparing ChurchPlaza's Lightweight Polymer Foundation INSPIRATION.

In reality, the ad is inaccurate, misleading and filled with false innuendo.

Here are the facts:

- 1) The makers of the Impressions did introduce the first polymer foundation seat to the church market. We've studied it and substantially improved it.**
- 2) ChurchPlaza is NOT a reseller of church seating as they claim.**

Our proprietary designs developed over 25 years are manufactured under contract to our exacting standards by the world's best manufacturers. ChurchPlaza chairs are simply the highest quality church seating available anywhere!

- 3) ChurchPlaza simply has a better chair with our Inspiration Model Chair!**

Their logic that a weaker design, inferior parts and mean spirited innuendos and gossip without foundation about others will make their chairs better baffles us.

Specifically, you'll want to speak with your ChurchPlaza representative about our LifeTime™ Warranty excellent quality, stronger fastening system, more comfort, stronger cross braces, more foam and higher quality LifeTime™ glides.

- 4) ChurchPlaza's primary responsibility is to the local American church.**

While we work with American factories where ever we can and have exclusively for most of our 25 year history, we are constantly searching for the best opportunities to provide THE INDIVIDUAL LOCAL CHURCH with the highest quality products and best pricing.

The best interest of the local church is our ministry and priority!

- 5) ChurchPlaza has operated with integrity, ethics, compassion and absolute legality in all of our business dealings over the 25 year life of our company.**

Misrepresentation of information and baseless gossip and insinuations in order to sell chairs is a business style we never will use.

However, these actions do raise important questions about business practices and values.

Perhaps this is another reason why ChurchPlaza has received the endorsements of 45 national denominations/ministries and/or their publishing houses while no one else has received even one!
