FaithStone™ allows your church unlimited design options in creating any shape and material look desired in a durable and weather proof outdoor sign. Utilizing our easy to use proprietary online design system, we can assist you in creating your own aesthetically stunning and unique sign complete with illuminated and digital cabinets that will compliment and enhance your church or school.

## Outdoor Digital Signs

Monochrome

Grayscale Series

RGB Full Color Series

Our customized digital signs represent the highest quality in workmanship, design and technology available anywhere. We feature 5 LEDs per pixel compared with the 3 LEDs offered by others to achieve maximum brightness. Our state of the art display software provides you with unlimited application possibilities including direct feed, animation and text with user friendly simplicity. You simply can not find a better outdoor digital sign option for your church!
