Benefits

- Heavy duty 1" square 16 gauge 1010 Cold-Rolled steel frame base, ¾" upper
- Mandrel bends in frame tubing offer strength to hold up to 1700 lbs.
- Generous rolled front 3½" dual layer virgin foam seat for lasting comfort.
- 5-ply ½" industrial grade plywood seat and back base is stronger and more reliable than particle board or manufactured plywood (Strand board).
- Seat and back secured to frame with T-Nuts giving long lasting proven durable trouble free service.
- Chair comes with lumbar support back, or with optional cut-away double lumbar support, as shown.
- Upgraded self-leveling floor glides insure level non-rocking stance.
- Now available with MoistureBarrierFabric™ to protect your chairs from spills and accidents.
